

HoCo RISE Business Assistance Grant Program

Round 1 and Round 2 Activity Summary

In response to COVID-19, Howard County initiated the HoCo RISE Business Assistance Grant Program in June 2020 to support businesses and organizations whose operations were impacted by the pandemic. Howard County Economic Development Authority, in partnership with the Howard County Department of Finance and the Howard County Department Community Resources and Services, administered grants to provide financial assistance to Howard County businesses in targeted sectors that have been most impacted, and plan continue operations or to re-open.

As of January 31st, 2021 HoCo RISE has dispersed more than \$13.55 million in grants to 1,483 Howard County Businesses. This funding consisted of:

- \$2.51 million in State of Maryland Rainy Day funds for restaurants; and
- \$11.04 million in CARES Act funding designated by Howard County for HoCo RISE Business Grants.

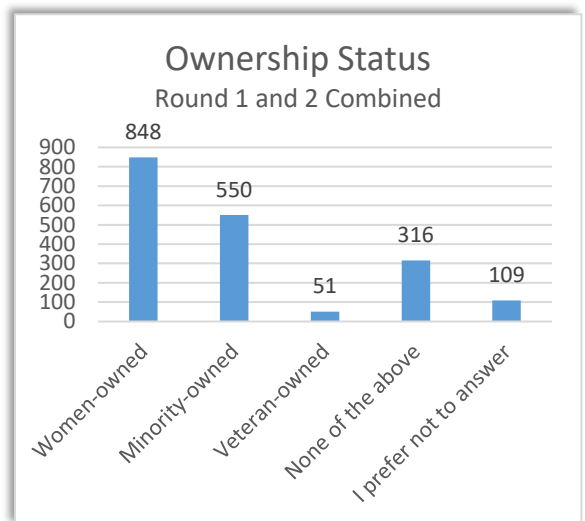

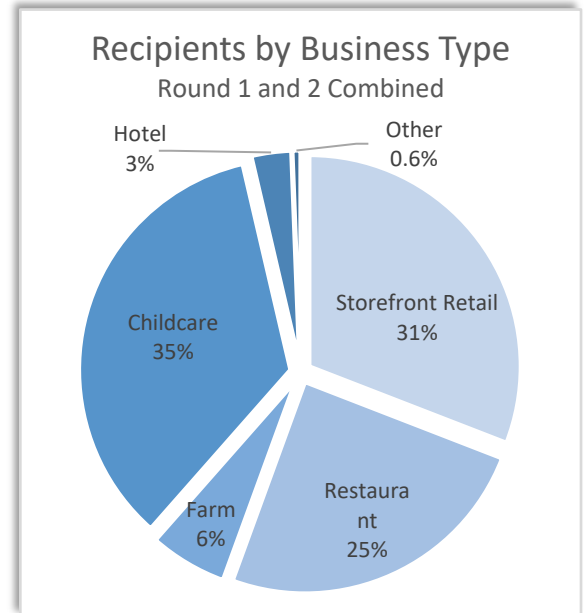

Limited funding availability prompted the decision to distribute these funds to the most impacted sectors, rather than on a first-come, first-served model open to all businesses regardless of the level of impact. The funding was distributed in two rounds. There were 674 business that received Round 1 funding and 809 businesses that received Round 2 funding.

HoCo RISE Business Assistance Grant Program Round 1

During the primary phase of Round 1, grants in the amount of \$2,500 each were issued to 671 businesses who qualified for funding. The qualifying businesses were those forced to close or restrict service by the Governor Hogan’s Executive Orders, and included storefront retail and service, restaurants, farms, childcare providers, and hotels. Applications opened on June 11, 2020 and were closed on July 18, 2020. These grants were funded using the first issuance of CARES Act funding, with awards totaling to \$1,677,500.

A secondary phase of Round 1 grants were awarded to performance venues. These establishments were among the first to be forced to close and were among last to be permitted re-open and at a very limited capacity. Eligible businesses were determined using the Admissions and Amusement Sales and Use Tax report and grant funds were awarded based on the amount paid into this tax under the Theatre/Concert category. A total of \$617,500 in grant funds were issued to three Howard County performing arts venue businesses who qualified.

A total of \$2.30 million was distributed in Round 1. Details on the Round 1 recipients are found on Page 3.

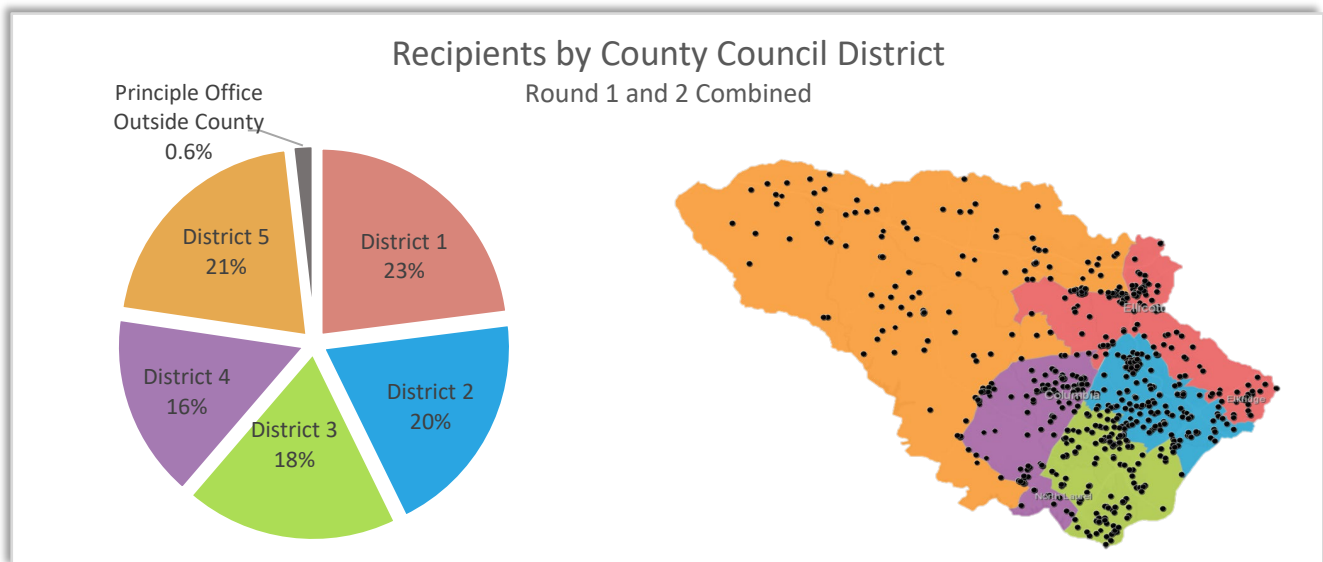

HoCo RISE Business Assistance Grant Program Round 2

During the primary phase of Round 2, grants in the amount \$13,863.77 each were issued to 803 businesses who qualified for funding. The qualifying business criteria for this phase remained the same as the primary awards from Round 1, and consisted of storefront retail and service, restaurants, farms, childcare providers, and hotels. Businesses who received Round 1 awards also qualified for Round 2, with the exception of performance venues. The qualified Round 1 recipients were required to recertify the accuracy and validity of their applications submitted during Round 1. Applications opened on November 6, 2020 and were closed on November 29th, 2020.

The 219 restaurant awards were funded using a combination State of Maryland's Restaurant Relief Fund, which was designated specifically for restaurants, and CARES Act funding, with awards totaling \$3.04 million. Of this \$3.04 million awarded to restaurants, \$2.51 million was funded by the State and the remaining \$530,000 was funded using CARES Act funds. All 584 remaining primary awards were provided using County-designated CARES Act funding, totaling \$8.10 million.

A secondary phase of Round 2 grants in the amount of \$20,000 each were awarded to six qualified business associations and chambers. These establishments provide critical resources to Howard County businesses. The grants were funded using CARES Act funding designated by Howard County, with awards totaling \$120,000.

A total of \$11.25 million was distributed in Round 2. Details on the Round 2 recipients are found on Pages 4 through 7.

Note: 'Principle Office Outside of County' refers to businesses whose primary commercial business space is within Howard County, but the registered resident agent/principle office is located outside of the county.

Some large dollar amounts above may not total due to rounding.

HoCo RISE Business Assistance Grant Program – Recipient Data

Each award recipient was required to fill out an application in which they reported details about the applicant business, information about the businesses’ ownership, and certified that they meet all the qualifications and stipulations of the grant. The following sections report the characteristics of the recipients’ businesses and ownership.
