

# ONCE UPON A PARK

## How to Play

Follow the clues to the locations along the scavenger hunt. At each location, scan the QR code to watch a video. In each video, you will be told a secret word. The number of the word will match up with the number in the blank in the story below. Complete the story and enter the contest using the Submit Answers QR code below. Each entry will be entered in our weekly prize drawing!

Once upon a time in Howard County, Maryland, there was a person who looked a lot like you. They were curious and always on the lookout for tales of adventure and mystery. Little did they know that there were stories all around them. They just had to look a bit deeper to see them.

The (1)\_\_\_\_\_ they lived in was home to many things that you have to search a bit beneath the surface for than most people are willing to do. By digging deeper, our fearless adventurer discovered that (2)\_\_\_\_\_ used to roam the grounds while (3) \_\_\_\_\_ still soar high in the sky. Upon further exploration, our hero found themselves standing in the (4)\_\_\_\_\_ of Maryland surrounded by many (5)\_\_\_\_\_ landmarks. Nearby they could still hear the echo of the (6)\_\_\_\_\_ station or roar of the (7)\_\_\_\_\_. The adventurer could just imagine the workers going to and from the (8)\_\_\_\_\_ and the children arriving at the (9)\_\_\_\_\_ for the day. These stories were always there, but perhaps hidden from view. Now go forth and like our friend, see what other stories you can uncover in this special place.

## Contest Dates: July 1-31
