TECHNICAL STAFF REPORT

Planning Board Meeting of April 7, 2022

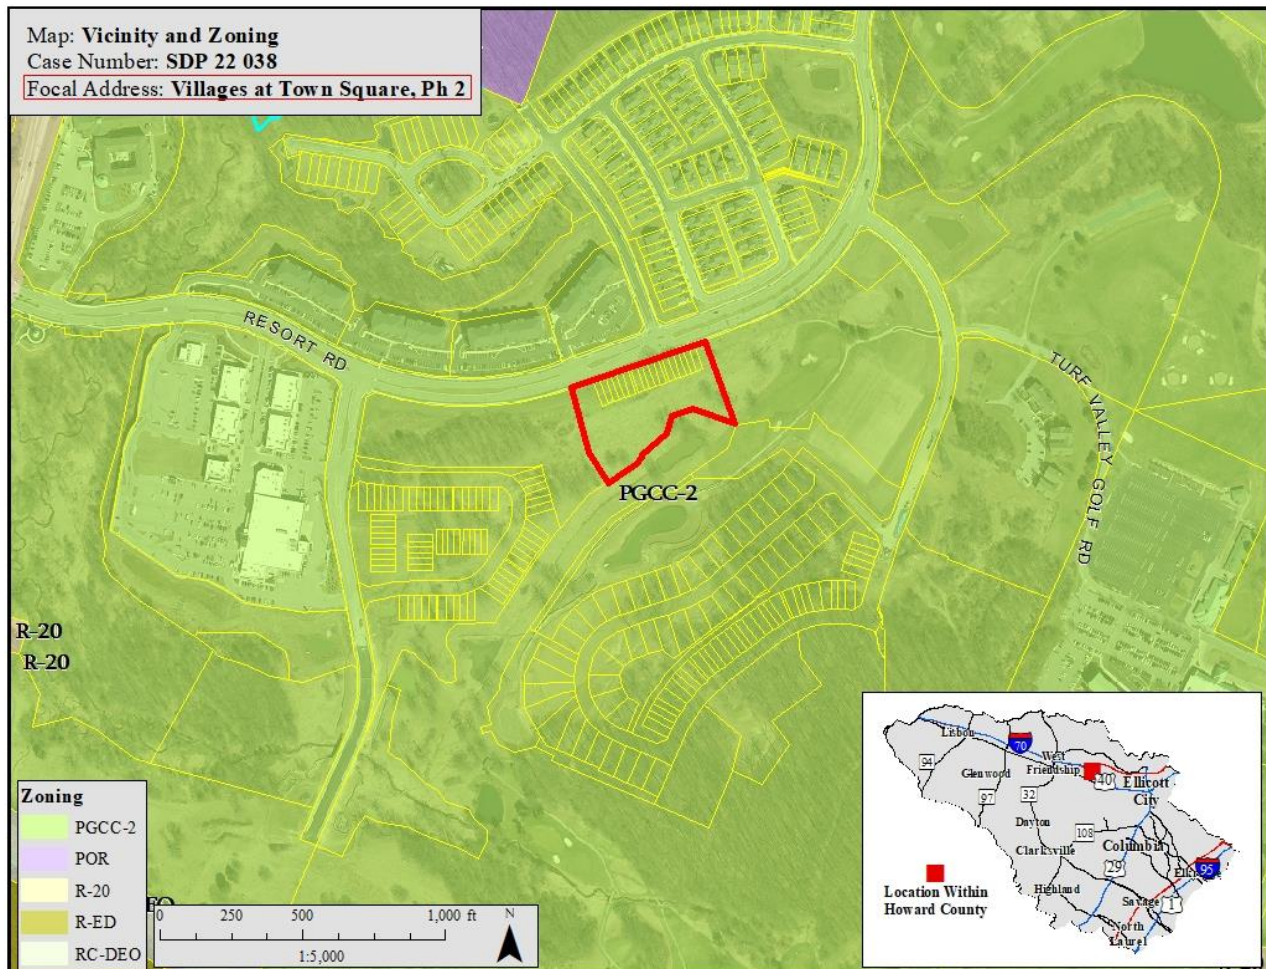

Case No./Petitioner: SDP-22-038, Mangione Enterprises of Turf Valley

Project Name: Villages at Town Square, Phase II, Lots 72 thru 88

DPZ Planner: Nicholas Haines, Planner II

Request: The applicant seeks Site Development Plan Approval for 17 single family attached townhome units on 3.2 acres. The property is zoned "PGCC" (Planned Golf Course Community). Planning Board approval is required only for the single-family attached townhome unit, as reserved on the approved FDP.

Location: The property (Tax Map 16, Grid 19, Parcel 8, in the Fifth Election District of Howard County, Maryland) is accessed via Verona Place and Parma Lane off of Resort Road.

Vicinal Properties:

Surrounding properties are zoned PGCC-2 and are part of additional phases of the Village at Town Square development, Caperton Village, and part of the active golf course on Parcel 8. They include:

North – The Villages at Town Square Phase II borders Resort Road to the north. Apartments that are part of the Oakmont Village development are directly across Resort Road.

South – Single family detached homes of the Caperton Village development are located south of the site opposite Parcel 8.

East – Part of Parcel 8 containing existing forest resources and part of the Turf Valley Golf Course is located to the south of the site.

West – Immediately to the west of the development is Buildable Bulk Parcel B which will be the location of future apartments in Phase III of the Villages at Town Square.

Regulatory Compliance:

This project is subject to the Third Amendment of the PGCC Multi-Use Subdistrict, the Amended Fifth Edition of the Subdivision and Land Development Regulations, the Zoning Regulations (effective October 6, 2013), the Howard County Design Manual, the Adequate Public Facilities Ordinance, and the Landscape Manual.

History:

- **FDP-PGCC Residential Subdistrict 2nd Amendment, Final Development Plan** – Amended FDP criteria for the PGCC District, Multi-Use Subdistrict for Turf Valley. Recorded March 26, 2010.
- **S-86-013, Sketch Plan** - Submitted July 26, 2006, Fourth Amended Comprehensive Sketch Plan for Turf Valley, the plan was approved April 27, 2006.
- **SP-86-013 Preliminary Equivalent Plan**- Submitted on January 25, 1994 for the Turf Valley Villas. The plan included the three apartment buildings that currently exist on site. The plan was approved April 16, 1986.
- **ECP-17-047 Environmental Concept Plan**- Submitted July 11, 2017 for The Village at Town Square Phases 1-3 showing the proposed apartment buildings and townhome layout. The plan was signed October 4, 2017
- **P-18-004** - Submitted on July 10, 2018 for the Village at Town Square. The plan included 86 single family attached townhomes and 67 apartment units in four apartment buildings. The plan was approved September 30, 2019.
- **F-20-072 Final Plan**- Submitted May 13, 2021 to resubdivide Town Square Parcels 1 - 3 into Lots 1-68, Open Space Lots 69, 70, & 71, and Buildable Bulk Parcels A & B. Plat was recorded on February 28, 2022.

Analysis:

Site Improvements – 17 new single-family attached townhomes in 3 separate building sticks are proposed on recorded Lots 72 thru 88. Associated utilities, additional guest parking spaces, pedestrian pathways and sidewalks, and landscaping will be provided on site in accordance with F-20-072. Dwellings are oriented to front Resort Road. Access to rear-loading garages is provided from private access roads.

Setbacks – The development complies with the setbacks established in the 3rd amended Turf Valley Multi-Use Subdistrict Final Development Plan.

Storm Water Management (SWM) Storm water management for the parcels is provided with this SDP. Stormwater management for this site will be met with bio-retention facilities, and existing SWM facilities in accordance with the 2010 Stormwater Management Act.

Landscaping - Landscaping complies with the Howard County Landscape Manual and Design Criteria and includes the required 21 shade trees and 4 evergreen trees. Perimeter plantings are proposed to supplement the existing streetscape along Resort Road and Verona Place. Internal plantings are also proposed adjacent to the parking areas and bio-retention facilities south of the townhomes to provide shade and some buffering to the adjacent properties.

Forest Conservation – Pursuant to Section 16.102(h) of the Subdivision and Land Development Regulations and approved P-18-004, this project is exempt from the Howard County Forest Conservation Requirements per former Section 16.1202(b)(1)(ii) of the Howard County Code as a Planned Unit Development which had preliminary development plan approval and 50% or more of the land was recorded and substantially developed prior to December 31, 1992.

Adequate Public Facilities – Complies with the requirements established by the Howard County Adequate Public Facilities Ordinance.

Development Criteria – Complies with the 3rd Amendment to the Turf Valley Multi-Use Subdistrict Final Development Plan requirements.

Planning Board Criteria: The Planning Board, before acting upon the Site Development Plan, shall hold a public meeting and shall give consideration to the guides and standards listed in Section 126.0.F. and to the criteria listed in Section 126.0.H

Section 126.0.F Criteria

1. The plan is consistent with the Howard County General Plan:

The Plan complies with criteria established in the 3rd Amendment to the Turf Valley Multi-Use Subdistrict Final Development Plan requirements and the Howard County Zoning Regulations for the PGCC Zoning District. The SDP is consistent with Plan Howard 2030 as falls within the Growth and Revitalization area that supports the higher density residential development.

2. The plan results in an appropriate arrangement of land uses within the district:

The plan is in Development Area ‘L’ as depicted in the 3rd Amendment to the Turf Valley Final Development Plan. The area allows for “All permitted uses in the PGCC Multi-Use Sub-District”, which includes single-family attached dwelling units. The proposed development with this phase includes 68 new townhome units which is consistent with the land use arrangement defined in the FDP.

3. The plan ensures that the existing dwelling units will be buffered from the proposed development:

The proposed townhomes will be the first dwellings constructed in the Villages at Town square development and will be located at the southeast corner of Resort Road and Verona Place. Perimeter and accent landscaping is being provided as part of this site development plan to buffer the proposed homes and the surrounding developments. There is also a natural environmental area within existing Parcel 8 and a section of golf course that separate the Phase II development from the neighboring Caperton Village to the southeast. Street trees along both sides of Resort Road will soften the space between the proposed townhomes and the Oakmont Village Apartments.

4. The roads serving the PGCC District will be adequate, as determined by the capacity and mitigation standards of the Adequate Public Facilities Ordinance:

The development is served by Verona Place and Parma Lane via Resort Road, which connect to Marriottsville Road, Baltimore National Pike, and I-70. A traffic study for the development was approved under the 4th Amended Comprehensive Sketch Plan S-86-13 (PB 368) approved April 27, 2006.

5. Necessary water and sewer facilities are available to serve the proposed development:

Public water and sewer service will be provided. Water and sewer will be extended under Contract #24-5090-D with F-20-072.

6. Any other factors which affect the orderly growth of the County:

The additional townhome units provide diverse housing options in the Turf Valley community, which is supported by Plan Howard 2030.

Section 126.0.H Criteria

7. The locations, layout and adequacy of parking, loading and unloading facilities.

Single family attached housing uses require 2 parking spaces per dwelling unit and an additional 0.5 spaces per dwelling unit for visitor parking. The Villages at Town Square Phase requires 43 parking spaces. The SDP shows 49 parking spaces to be provided with a combination of garage spaces, driveway parking and on street parking.

8. The Site Development Plan shall not be approved unless water facilities and public sewerage facilities have been approved by all required county, state and federal agencies.

All required Subdivision Review Committee (SRC) agencies have reviewed the Site Development Plan for conformance with water and public sewer facilities and approved, subject to addressing remaining comments prior to signature approval.
