Briefly describe the purpose and reason for the project:

Humanim seeks to renovate/remodel the "Gerwig" facility which houses its Developmental Disability Services Division serving Howard County. This project will expand and improve the facilities to meet the needs of adults who have been diagnosed with a developmental and/ or psychiatric disability. In addition to creating a more welcoming space and improving facility functionality for specific needs (i.e. changing room with adult changing table), the focus of the design is to rehabilitate the building to enable better community integration, and enhance client training, for example, basic daily living activities in the new "mock apartment" space.
